## PEACE TERMS FORMALLY PRESENTED TO HUNS

### Twenty-Seven Nations Represented at Memorable Assemblage. Iron Clad Peace Terms are Given German Plenipotentiaries on Fourth Anniversary of Lusitania Sinking

(By Associated Press)

Germany today was told the terms upon which the allied and associated powers will make peace with her.

These terms were contained in a treaty some eighty thousand words in length, which was handed to the German plenipotentiaries at a memorable assemblage at Versailles, attended by the delegates of the twenty-seven nations which are

parties to the peace pact.

This event, which falls on the fourth anniversary of the sinking of the Lusitania, marks one of the historic dates in the giant conflict. It comes 177 days after the last shot of the war was fired on November 11, 1918.

The complete representation of the allied powers was present, Premier Orlando and Foreign Minister Sonnino of Italy having arrived in Paris this morning.

At a secret plenary session held at the French foreign office yesterday, a summary of the treaty was read. There were few objections, Portugal taking exceptions to some features of the treaty, and with China, Italy and France making reservations when the reading of the summary had been completed.

It is not believed, however, that the objections to certain phases of the treaty will result in the refusal of these nations to sign the document.

#### LONGEST TREATY

Paris, May 7.—The treaty of peace

between the 27 Allied and Associated Powers, on the one hand, and Germany on the other, was handed to the German plenipotentiaries at Versailles today.

It is the longest ever drawn. It totals about 80,000 words, divided into 15 main sections and represents the combined product of over a thousand experts working continuously through a series of commissions for the three and a half months since January 18th. The treaty is printed in parallel pages of English and French which are recognized as having equal validity.

It does not deal with questions affecting Austria, Bulgaria and Turkey,

except insofar as binding Germany to accept any agreement reached with those former allies.

Following the preamble and deposition of powers comes the covenant of the League of Nations as the first section of the treaty. The frontier of Germany in Europe is defined in the second section.

European political clauses are given in the third. Next are the military, naval and air terms, as the fifth section, followed by a section on prisoners of war and military graves, and a seventh on responsibilities. Reparations, financial terms and economic terms are covered in sections 8 to 10.

Then comes the aeronautic section, ports, waterways and railways section, the labor covenant, the section of guarantees and the final clauses.

#### TERMS IMPOSED

Germany, by the terms of the treaty, restores Alsace-Lorraine to France, accepts the internationalization of the Saar Basin, temporarily, and of Danzig permanently, agrees to territorial changes toward Belgium and Denmark, and in East Prussia

cedes most of Upper Silesia to Poland and renounces a territorial and political rights outside of Europe as to her own or her allies' territories, and especially to Morocco, Egypt, Siam, Liberia and Shantung. She also recognizes the total independence of German Austria, Czechoslovakia and Poland.

Her army is reduced to 100,000 men, including officers; conscription within her territories is abolished; all forts 50 kilometers east of the Rhine razed; and all importation, exportation and nearly all production of war material stopped.

Allied occupation of parts of Germany will continue until reparation is made, but each of three five-year periods if Germany is fulfilling her obligations. Any violation by Germany of the conditions as to the zone 50 kilometers east of the Rhine will be regarded as an act of war.

#### GERMAN NAVY

The German navy is reduced to six battleships, six light cruisers, and twelve torpedo boats, without submarines, and a personnel of not over 15,000. All other vessels must be surrendered or destroyed. Germany is forbidden to build forts controlling the Baltic, must demolish Helgoland, open the Kiel canal to all nations and surrender her fourteen submarine cables. She may have no military or naval air forces, except 100 unarmed seaplanes until October 1st, to detect mines, and may manufacture aviation material for six months.

#### HUNS MUST PAY

Germany accepts full responsibility for all damages caused to allied and associated governments and neutrals, agrees specifically to reimburse all civilian damages, beginning with an initial payment of 20,000,000,000 marks, subsequent payments to be secured by bonds to be issued at the discretion of the reparation commission.

Germany is to pay shipping damage on a ton for ton basis by cession of a large part of her merchant, coasting and river fleets, and by new construction; and to devote her economic resources to the rebuilding of the devastated regions.

#### TARIFF PACTS

She agrees to return to the 1914 most-favored-nation tariffs, without discrimination of any sort; to allow allied and associated nations freedom of transit through her territories and to accept highly detailed provisions as to the pre-war debts, unfair competition, internationalization of roads and rivers, and other economic and financial clauses. She also agrees to the trial of the ex-Kaiser by an international high court for a supreme of

## FIUME WILL BE RULED BY MANDATORY

After Four Years Under League of Nations Will Revert to Italian Sovereignty.

#### SLAVS GET NEW HARBOR

Basis of Orlando's Return to Conference Announced.

(By Associated Press)

Paris, May 7.—As a basis of resuming participation in the peace negotiations, Premier Orlando accepted a proposal that Italy administer Fiume as a mandatory of the League of Nations until 1923, after which Fiume will revert to Italian sovereignty.

During the four years of Italian administration, a harbor for the Jugo-Slavs will be built at a port a few miles lower down than the Adriatic coast. The harbor will have railroad communication with Agram and other cities.

## FRANCE, U. S. AND GREAT BRITAIN ENTER NEW PACT

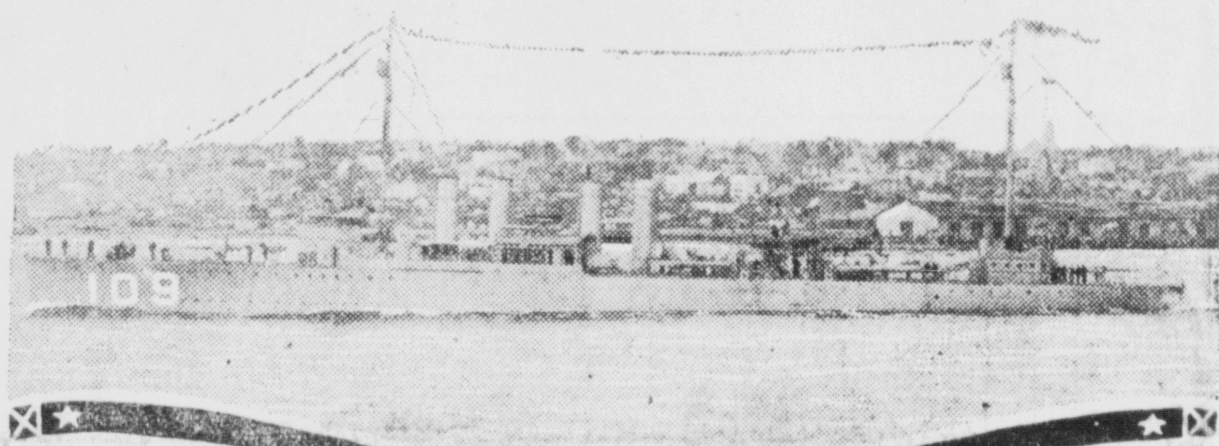

(By Associated Press)

Paris, May 7.—France, the United States and Great Britain have concluded an agreement giving supplementary guarantees for France and security for the peace treaty, the Echo De Paris today says it has learned.

It adds that Premiers Clemenceau and Lloyd George and President Wilson will meet today to draft in final form this additional pact, which will not be secret.

"In addition to the security afforded in the treaty of peace, the President of the United States has pledged himself to propose to the Senate of the United States and the Prime Minister of Great Britain has pledged himself to propose to the Parliament of Great Britain, in engagement, subject to the approval of the Council of the League of Nations, to come immediately to the assistance of France in case of unprovoked attack by Germany," says the paper.

#### U. S. DESTROYER RACES AGAINST TIME TO AID LOAN DRIVE

U. S. torpedo boat destroyer Crane with Navy Victory Loan flag flying from after truck or mast.

The new U. S. torpedo boat destroyer Crane is speeding through the water from San Diego, Cal., to New York in an effort to reach New York before the Victory Loan drive goes over. The destroyer flies the Navy Victory Loan

pennant. The old cruiser Marblehead started to carry the flag from San Francisco but the loan, was outpacing her. She put in at San Diego and transferred the flag to the Crane. The Crane is following the Panama Canal route.

The navy hopes that she will reach New York in time to help the loan over the top by turning over the Navy Loan flag to be auctioned off to Victory bond purchasers in the closing days of the campaign.

## CONGRESS IS CALLED BY PRESIDENT

Date of Special Session Earlier Than Anticipated.

(By Associated Press)

Washington, May 7.—President Wilson issued a call by cable today for a special session of Congress, to meet Monday, May 19.

Secretary Tumulty, in making the announcement, said it would be impossible, of course, for the President to be here on the opening day. The date fixed for the special session was much earlier than Democratic leaders had expected.

White House officials said that in naming an early date, President Wilson was guided largely by the advice of Secretary Glass as to the necessity of passing annual appropriation measures which failed in the closing days of the last session.

There was no information at the White House today either as to the probable time of the return of the President or the submission of the peace treaty to the Senate, but some Administration leaders believed the President had called the extra session earlier than had been anticipated in order that Congress might perfect its organization and dispose of the more important appropriation measures before the treaty was ready for consideration.

Soon after the President's procla-

mation was made public, Senator Lodge, the Republican Leader, issued a call for Republican conference to be held May 14, for the purpose of perfecting an organization in the Senate and Representative Mondell, who will be Republican Floor Leader at the coming session announced that a conference of Republican House members would be held May 17.

## HUN MUNITIONS DUMP EXPLODES NEAR BRUSSELS

German Prisoners Flee in all Directions.

(By Associated Press)

Brussels, May 7.—A depot of German ammunition, containing shells and bombs of every caliber and many gas shells, has been exploding since yesterday at the railway station of Groenendaal, six miles south of here, where Canadian troops were inspected by King Albert eight days ago.

The depot has been under guard of 150 Belgian soldiers, and six hundred German prisoners have been at work near it.

It is believed there are many killed and wounded, but the number of victims will not be known for several days. Many houses in the neighborhood have completely collapsed and windows and roofs for two miles around were shattered.

It is reported that while workmen were unloading a wagon filled with shells, a detonator exploded in the hands of a German prisoner, setting fire to the ammunition boxes. After the explosion, the German prisoners fled in all directions and have not been recaptured.

## EVERY YANKEE TO BE HOME NEXT AUGUST

Baker Announces 300,000 Men Coming Monthly.

New Route to Supply Germany Announced.

(By Associated Press)

Washington, May 7.—Secretary Baker announced today that by August the last man of the American expeditionary forces will have been withdrawn from France. He said the estimate was based on the movement of 300,000 men a month to the United States.

Already, Mr. Baker said, the American forces in France have been divorced from the Army of Occupation.

Plans have been completed to supply the force in Germany through the ports of Antwerp and Rotterdam, removing the necessity for maintaining the 700-mile line of communication from Brest.

The French ports will be maintained, however, for the withdrawal of the American expeditionary forces.

#### VICTORY LOAN

(By Associated Press)

Washington, May 7.—Total subscriptions to the Victory Liberty Loan had reached approximately \$2,150,000,000 today. This was an overnight increase of about \$90,000,000.

## INDEMNITIES WILL NOT BE PAID BY HUN

Such Is the Claim of German Delegates who Say They will Sign Peace Treaty.

#### MAY PAY "REPARATION"

Distinction Made Between "Indemnity" and "Reparation"

(By Associated Press)

Paris, May 7.—The German delegates to the peace congress declare that they will sign the peace treaty, but that Germany will not pay an indemnity.

In the discussion of peace terms by Germany, she has invariably drawn a distinction between reparation and indemnity, construing the latter as punitive damages.

It seems probable, therefore, that the refusal to pay an "indemnity" would mean in effect that she would decline to pay what she regarded as such damages.

## BOLSHEVISTS ATTACK VILNA

(By Associated Press)

London, May 7.—The Bolsheviks in great strength have begun an attack on Vilna, the capital of Lithuania, which was captured several weeks ago by the Poles, according to a dispatch received in Berlin and forwarded by the Exchange Telegraph Company.

Vilna is said to be under intense artillery fire. Heavy fighting has occurred.

Paris, May 7.—When the terms of peace were handed to the Germans this afternoon Mrs. Wilson, wife of President Wilson, was present.

## MAY START ON TRIP THURSDAY

(By Associated Press)

New York, May 7.—Commander Towers, in charge of the United States Navy's proposed trans-Atlantic flight, announced today that a synopsis made by the weather bureau at Washington of Atlantic weather conditions was "fairly favorable" for a start tomorrow morning.

#### FAMILY QUARREL KILLED "FREE LOVE" BILL IN HUNGARY

Herr Weltner.

The story comes from Hungary that a family row at the supper table killed the bill which would have "communized" the women of Hungary, permitting wives and their husbands to leave each other almost at will and seek new mates. Herr Weltner, editor of "Peoples Voice" told his wife and mother-in-law about the proposed law. When they threatened to band the wives together to leave all the men Weltner used his paper to force defeat of the bill.

## WILSON MEETS GEN. PERSHING

(By Associated Press)

Paris, May 7.—President Wilson has an appointment with General Pershing, the American Commander-in-Chief, for four o'clock this afternoon.

The problem is thought probably to be in relation to the three power pact or agreement under discussion for safeguarding France against renewed German aggression.

## SAY PEACE STILL A MONTH AWAY

(By Associated Press)

Paris, May 7.—The Paris newspapers say there will be a maximum delay of one month before the signing of the peace treaty.

## PATTERSON QUILTS

Special to Herald.

Greenfield, O., May 7.—Supt. E. W. Patterson, for 13 years head of the Greenfield schools, has resigned because of ill health. Principal Ray Harris, will have charge the remainder of the school term.

## LARGE AUDIENCE DELIGHTED WITH TIFFANY RECITAL

*Noted Concert Soprano And Prominent Cellist, Render Pleasing Concert Under Auspices of H. C. Summers & Sons.*

The Song Recital by Miss Marie Tiffany, assisted by Mr. Jacques Glockner, cellist, was presented through the courtesy of the H. C. Summers & Sons Pianos and Piano Players, to a highly appreciative audience which crowded the High School Auditorium Tuesday night. It was altogether a unique concert, one of the most fascinating and unusual which a local audience has ever been privileged to hear and the wonder of the Edison Re-creation, Mr. Edison's latest invention—startlingly novel even in this age of mechanical marvels—was its crowning joy.

The guests whose number included most of the music lovers of Washington society, assembled delighted at the prospect of hearing a recital by the celebrated Miss Marie Tiffany, assisted by Mr. Jacques Glockner, with his cello. But failed to realize the extent of the surprise in store for them. Not one Miss Tiffany, but two, sang to the spell-bound audience; and the Cello selections were played by Mr. Jacques Glockner. This phenomenon was brought about by means of a graceful cabinet, which stood beside the artists on the stage, and matched their performances, note for note and tone for tone.

The first performance of the miracle was in the initial number on the program, when Miss Tiffany, standing beside the cabinet, sang in un-

ison with Mr. Edison's Re-Creation of her own voice. In the midst of the song, Miss Tiffany's lips ceased to move but her song went on without a break. Slowly it dawned upon the astonished audience that the artist was no longer singing, though her voice came forth to them as clear and sweet as ever. She sang again—and the only perceptible difference was the motion of her lips. She ceased—but her voice did not. Veritably it seemed that there were two singers upon the stage—two singers, but only one voice. For the tones which came from the New Edison matched those from the living artist so perfectly that it was impossible to detect any difference. The instrument produced not an echo or copy, but the real thing—Miss Tiffany's voice unspooled by any mechanical transformation; untainted by any metallic ring.

After the applause which followed this remarkable exhibition, Mr. Jacques Glockner, came forward to share the stage with his fellow musician, the New Edison. Again two artists were before us, the Cellist playing in unison with the Re-Creation of his art. The instrumental Re-Creation was as perfect as that of Miss Tiffany's delightful voice. It was identical with the original in every particular.

Successive numbers on the program proved that the field of the New Edison is not limited to vocal and cello records. An orchestra selection was Re-Created with such fidelity that it was possible to follow the notes of any single instrument throughout the piece, for the identity of each was preserved, contributing its special color to the ensemble. A Re-Creation of a number on the piano was a revelation to those who had decided after hearing talking machine records, that the piano tone could not be reproduced. Further numbers in which Miss Tiffany and Mr. Glockner, performed with themselves served to convince the audience of their inability to distinguish between Re-Created art and its original.

One of the most interesting novelties in this evening of unique experiences, was when Miss Tiffany sang a duet with her own voice. It was as though two artists with voices of exactly the same tone-quality, the same expression, the same timbre, were singing together. The effect was some-how unreal and weird, as

## Suggestions to Women "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

### HERE IS PROOF

**Pittsburgh, Pa.** "I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way." — Mrs. James Croker.

**Holmdel, N.J.** "I live on a farm and am a hard working woman and for weak, run-down, overworked conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in our neighborhood, too." — Mrs. Thomas Ellis.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

# PARTITION SALE OF CITY REAL ESTATE

AS DIRECTED BY THE WILL OF THE LATE J. L. PERSINGER

On Saturday, May 17, 1919

in Washington C. H., O., at 1 o'clock p. m.

We will offer for sale at the premises what is known as the Williams Block as shown in the accompanying cut. Said block is situated on the south side of East Court Street, six doors east of the Post Office, this block was built by Judge Marshall J. Williams on or before 1890 and was at the time and is now, one of the most substantial business blocks ever built in Washington. After visiting with several contractors and business men we find that it would be impossible to construct the building alone in its present shape for less than \$50,000.00. As a matter of fact, the material and workmanship that were used in the construction of this building were of the best character throughout. The main building measures some what better than 80x50 over all, is a little over two stories high and has a seven foot basement and concrete floor with partitions, properly placed under all the main building. Said stairway starts at the street, ascends to the second floor and descends again to the ground in the rear. Section A. has no buildings in the rear. Section B. has some buildings on the rear and Section C. has a very substantial one story building in the rear, extending to the alley. Section D. has an addition in the rear 27 feet deep, especially equipped for the Picture Show. Each basement has a front and rear entrance, but the rear entrance to C&D are now covered. The building is now equipped with most of the modern conveniences and all of the facilities are at hand to make every room of the block entirely modern with very slight expense. For further specific directions of building and terms of sale, see the Legal Advertisement in any recent Friday issue of Record Republican.

Said building is now occupied throughout and is sold, to give possession June 1st subject to present leases. The rent being paid is only half what it should be considering the character, location of building and times generally, but we have concluded to let that matter go for the present as we have not been able on account of sickness to give the building or rents, anything like the proper consideration. In fact, said building must be seen and carefully examined to obtain anything like a fair estimate of its value. Considering the location, the building and the future of Washington, this is probably the best opportunity the people of this vicinity will ever have to invest in good business property. Don't forget the date and also take a peep at the property.

## THE PERSINGER HOMESTEAD

Immediately following the sale of the above business block, we will also sell the Persinger Homestead on Dayton Avenue, divided into lots as described in the accompanying plat. This homestead being divided as it is, offers the best chance that will probably ever be offered to the people of this community to make investments in residence lots of the most desirable sort in this city. Said property is just a little better than one square from Central station and adjoins what will probably be the most voluminous and valuable Industrial Enterprise that has ever been launched in Washington Court House. Those who contemplate moving to Washington in the future, should by all means, carefully examine all these lots and their possibilities. Lot 15 contains the homestead buildings. Said building at the time of its erection was probably the best constructed residence property ever built in Washington Court House, having been built by the late Curran Millikan. The residence alone contains something better than twenty (20) rooms including basement and is now equipped with all modern conveniences and considering material and workmanship, would probably cost in the neighborhood of \$25,000.00 to construct at the present time.

If the development of the present industry contemplated on the adjoining property, should prove to be what its promoters represent it to be (Washington Court House has an opportunity of getting on the map in a way that few country towns have ever experienced and those who contemplate making investments in City properties at any time, certainly have never had an opportunity that either equalled or exceeded the present chances as projected by the sale of these properties.

**FANNY PERSINGER**  
EXECUTRIX

of a magician—but a most benevolent one. For the wizard, who accomplished this miracle of Re-Creation, is as anxious that it shall add to the comfort and joy of mankind, as he has been that his other inventions be used for the good of the race. Thousands of New Edisons, made up in a special form durable enough to stand the hard knocks of Army and Navy usage have been furnished to our boys on shipboard and in camps and are a proof of his generous interest though one artist had been bewitched into two by some magician's art.

The climax of the evening's entertainment was when the room was darkened in the middle of one of Miss Tiffany's selections, and the listeners were left with no means but their ears of determining when they were hearing her voice in double volume, and when it reached them only from the New Edison. Suddenly the lights were snapped on. The audience was astonished to discover that Miss Tiffany was not there at all and that the New Edison had furnished the song alone.

Such miracles are indeed the work in happyfying the world, without regard for personal gain—for these Army and Navy Models of the New

Edison are made and sold with no profit to Mr. Edison.

The program was one of great beauty and variety.

## NEW GARAGE WILL BE ERECTED ON SOUTH FAYETTE

Frank Bending Buys Shannon Property Opposite Herald Block and Will Erect Modern Garage At Once.

Improvement Will Add Much to Attractiveness of Fayette Street.

The Shannon property on South Fayette street, opposite The Herald block, has been purchased by Frank Bending of this city and will be transformed into one of Washington's most up-to-date garages. It is announced.

The property formerly was known

as "The Red Onion" and since the saloons were ousted from the city, has been used as a pool room and barber shop until a few months ago when the State Liquor License Inspectors took action which resulted in the pool business being removed from the structure.

The deal, which means a much desired improvement to South Fayette street, and which had been pending for some little time, was closed this week.

Plans for the new building are now being completed, and the structure is to be an attractive one.

The new garage will front 42 feet on Fayette street and extend back from the street 160 feet. It will be flanked on one side by the paved alley which will add much to the convenience of the garage.

A large sales room will be a feature of the proposed garage. Mr. Bending at present holds the agency for the Overland in this territory and will retain the agency.

Ample storage room will be provided for under the present plans and a repair department will be one of the features.

It is understood that the property on the south of the Bending property will be remodeled in the near future. The new owner announces that the work on the new garage will be started as soon as possible and the building will be completed some time during the early summer.

**GREATEST DAY IN HISTORY OF CITY PLANNED**  
 When Everyone Lays Aside Work to Take Part in Regal Welcome to Returned Soldiers.  
 Keys of City Will Be Turned Over To Men In Uniform—Airplanes, Big Parades, Bands, Etc.  
 On Tuesday, May 27th, all business in the city and county will be laid aside and the entire day and evening given over to extending to the returned soldiers of Fayette county, greatest welcome conceivable, and every effort will be made to make the day the greatest celebration ever witnessed in the city.  
 This was the decision of a large committee on arrangements at a meeting held Tuesday night, and additional sub-committees will be named to help carry out the stupendous program being planned for the great event.  
 Plans call for something doing from early in the morning until late at night, with big parades, bands, speeches, banquets, and everything free to the returned soldiers, who will be guests of honor and literally carry the keys to the city.  
 It will be the one big day set apart so that every man, woman and child in the city and county may pay tribute to the several hundred brave men who were in the service. A parade of all these soldiers in uniform will be a feature of one of the greatest pageants ever seen in the city.  
 Plans include a visit of airplanes, which will form part of the full program for the day, and a huge display of fireworks at night. The city will be garbed in her gayest colors, with thousands of flags forming the decorations.  
 The mammoth parade planned is to include the bands, soldiers, flower floats, industrial displays, organizations of all kinds, and be one of the most elaborate ever attempted in Washington.  
 Some thirty-three men are on the main committee on arrangements, consisting of the Directing Committee of the War Council—M. S. Daugherty, A. W. Duff, H. G. Coffman, Ed. Fite, J. D. Post, R. T. McClure, C. A. Reid, C. N. Baer, Frank C. Parrett, Walter W. Hamilton, M. E. Hitchcock, Henry Brownell, and Mayor V. J. Dahl. Nolin Hathaway, Howard Allen, H. C. Ireland, Robert Willis, C. P. **ANNUAL INSPECTION ROYAL ARCH MASONS**  
 An other successful Masonic gathering was added to the already long list, Tuesday evening when the Fayette Chapter No. 103, Royal Arch Masons held their annual inspection and banquet.  
 Mr. Lisle S. Evans Imperial Officer of Chillicothe made the inspection, and Mr. Walter Jones, High Priest was in charge.  
 A large number of visitors from out of town were in attendance, including four brothers from Chillicothe, who accompanied Mr. Evans.  
 The work of the team was commented on very favorably by the inspecting officer.  
 Ladies of the Eastern Star Royal Chapter No. 29 served the banquet and maintained their high standard of excellence in this line.  
 The table presented a pretty picture a profusion of Spring flowers adorning the center.  
 Victrola music added greatly to the evening's entertainment. Bailey's Piano Store graciously donating the use of the Victrola.

 A few days ago a STOCK Model 90 Overland touring car again proved its stamina by smashing completely the world's non-stop HIGH GEAR record. The official records prove it to be one of the greatest reliability records ever made by any car. The distance covered was 129 miles better than the best previous showing.  
 This test was made in Oklahoma. It was not staged on boulevards. The daily average was over 600 miles through the severest weather, and over every kind of road from country highways to crowded city streets. The distance was equal to a trip from New York to Los Angeles, and back to Oklahoma City.  
 The car was sealed in HIGH GEAR and the shift lever was removed. Not once was there the slightest mechanical trouble, the least hesitation, or the faintest break in the smooth, even action of the Overland motor.  
 At the end of seven days and seven nights of grueling test the Overland Model 90 finished in as perfect running condition as when it started, and this standard car is an EXACT DUPLICATE of the Model 90 we will be glad to show you.  
 This test does not make the car better, it merely proves in a dramatic way what owners already know about this wonderful car.

 (By Associated Press)  
 Washington, May 7.—Sale of eight national guard and four miscellaneous camps for a total of \$548,000 was announced today by the war department. The bidders assumed all damage claims against the government.  
 The sites of the national guard camps were rented or leased and consequently no transfer of land was involved. The war department retained the hospital and principal storage facilities at each camp.  
 The city of Montgomery, Ala., secured Camp Sheridan, Alabama and the state of North Carolina will take over Camp Polk, N. C. The other camps went to individuals and firms, except Camp Kendrick, N. J., which was withdrawn from the auction and is to be retained for the navy and Camp Sevier, S. C., for which no reasonable bid was received.  
**WRESTLERS HERE FOR BIG CONTESTS**  
 The four wrestlers who take part in the big contests here tonight, arrived in town during the day, and are ready for the meets.  
 Hackenschmidt, who meets Matsuda in the main bout of the evening arrived on the morning train, the others coming later.  
 Two of the best contests yet held in the city are anticipated, and a large attendance is indicated.  
**FAMOUS FRENCH HOME REOPENED**  
 Paris, March 16.—(Correspondence of the Associated Press)—The home of the famous French author Honore de Balzac in the Rue Raynouard at Passy was reopened today as an artists' center. The house which is surrounded by an old world garden had been sadly neglected, but has now been restored to present the appearance it had in Balzac's time, with its vestibule painted blue and the original oak carvings and dark red tapestries decorating the apartment where Balzac wrote his masterpieces.  
 On the table stands the big china coffeepot from which the author was wont to refresh himself, for Balzac was a mighty drinker of coffee. Old woodcuts and original printing proofs adorn the walls. In the garden the vine that Balzac tended still grows and his beloved lilacs have been replanted there.  
 In one room there is still the trapdoor through which Balzac used to disappear when importunate creditors called.

**ANTI AMERICAN DEMONSTRATION BY JAP PRESS**  
 Newspapers Inciting Sentiment Against United States—Fear Growing Influence of This Country.  
 (By Associated Press)  
 Tokio, May 7.—The anti-American campaign in the Japanese press continues with renewed force. Up to the present no serious overt acts have been committed against Americans or American property. Evidence exists, however, that the newspaper agitation, which has spread to nearly all the leading journals of the empire, is inciting popular feeling against America and thus paving the way to possible open demonstrations.  
 Representative Japanese deplore the press campaign and have begun to criticize the government for its failure to check the literary outbursts, on the ground that they are going so far they are liable to engender ill feeling.  
 The participants in a mass meeting at which some anti-American speeches were delivered, announced their intention of continuing the demonstration in front of the American embassy. The police, however, interfered and prevented this step.  
 The belief is expressed here that the basis for the agitation is fear of the growing influence of the United States in international affairs, as evidenced by her position at the peace conference, and that it will act as a curb on what are regarded as Japan's legitimate aspirations in China and Siberia.  
 After declaring that renewed attempts for anti-Japanese legislation on the Pacific slope indicate that the Americans persecute Japan in everything, while wearing the mask of liberty and fairness, the Hochi Shimbun charges the Americans with having incited the Chinese to make the secret treaties public and also accuses American missionaries of fomenting the Korean insurrection.  
 The Yorodzu Choco says the Americans responsible for attempts at anti-Japanese legislation are nothing better than barbarians; that the actions are more despicable than those of the Germans whose barbarities they attacked.  
 "Hypocrite," "Despot," "Transformed kaiser," "Man with the voice of an angel but with the deeds of the devil," are some of the epithets applied by the newspapers to President Wilson.

## Some Idea of Cost

We all know that enormous sums were spent by the United States in prosecuting the war and we all know that tremendously big financial obligations were incurred, which must be paid. We know, all of us, in a general sort of a way that this nation threw its great wealth into the arena of the world war without stint, in the hope that by so doing thousands of precious lives would be saved and that hope was measurably realized. But the cost of it all in dollars is staggering.

Right now, as we are absorbing the last government loan—the Victory Loan—intended to meet all our outstanding obligations and make Uncle Sam's word good, as well as to raise the funds necessary to make the cash expenditures necessary to bring our victorious armies home, it is well to give a few figures showing the magnitude of our expenditures and give some idea of our obligations.

It is nearly six months since there was fighting in France. During April approximately \$1,420,000,000 was paid out of the Treasury at Washington.

The Treasury outlay during December and January had reached the enormous total of about two billions a month. In February there was a reduction to \$1,180,000,000. Since February there has been an increase, due in part to larger loans to our allies and in part to the settling of large accounts held by manufacturers against the War Department.

American soldiers by the hundreds of thousands have come back from France since the armistice was signed. Our army has been greatly reduced in size.

It is estimated that our Government, up to date, has spent about eighteen and a half billion dollars on its participation in the war, exclusive of loans to the Allies. We can handle that amount easily enough. But if the war had lasted twelve months longer we would have been forced to carry a financial load that would have proved burdensome even for our great resources.

When we consider the rate of expenditures obtaining at the time the armistice was signed—over two billion dollars each month—and that by this time we would have four million men in France and a proportionate increase in our outlay of money, it should not be difficult to realize how fortunate we are and to be spurred on to greater efforts in absorbing the present Victory loan.

There is a disposition among some few people to make capital out of the expenditures of the public money. But that is not important now. Later on we may enter into those questions.

For the present the only thing to do is to realize with unbounded gratitude that the war is over and won gloriously and we have only to make good on our obligations.

It is better to be making good investments at a profitable rate of interest in government bonds so as to enable Uncle Sam to pay his debts than it would be to be paying indemnities to the conquering war lords or to be raising enormous funds now to continue a war for our very existence.

There should be no hesitancy in rushing forward the money for this last loan. The farming communities have been particularly prosperous and the price of the present wheat crop is guaranteed by the government. Every available dollar should be put into Liberty Bonds, especially as the banks are ready to wait for the surthing wheat crop to reach market.

## Our Possessions

One of our fellow citizens, in conversation a few evenings since, while remarking about the beauties attending the closing of an ideal spring day, expressed a wholesome and comforting thought—a thought which should mean a great deal of happiness to people if they would but realize and accept it.

While a man of modest means and one upon whom misfortune had placed some heavy burdens, he was able to see and enjoy the beautiful things of life and be thankful for the blessings life had brought him. His thought was that all the beautiful things about him, the homes, the lawns, the flowers and the private grounds all belonged to him—they were his to enjoy. He could walk about and feast his eyes on the beauties on every hand without one penny of cost and without a single worry. Giving a more concrete illustration he spoke of the splendid greenhouses with all their wealth of plants and flowers. Every day he said he walked out there among the flowers and enjoyed them as much as if they belonged to him. He had all the joy of the owner and none of the worry and expense.

How true that is, and what a great wealth of happiness is all about us if we will only take a right view of things.

How much we miss by coveting things that are not worth while for after all we have the best, according to our good friend's philosophy, and escape the burdens.

And after all, isn't he right about it? We, all of us, have riches we do not appreciate or even realize that we possess.

## POETRY FOR TODAY

PAGEANT.

Blue-gray dawn and shadows flee,  
Like frightened children, through the mist,  
Before the Marchers of the Morn,  
Inmauve and amethyst.

Artillery along the clouds  
Spurts rainbow-streams on copse and lawn,  
As Day, the General, signals for  
The red barrage of Dawn.

Behind a curtain-sky of fire,  
That jumbled flood of turquoise sea  
The sunbeams swoop, like eagles,  
Down  
Dawn's glittering infantry.

Then clash the arms of Day and Night;  
But Night's redoubts are weak and old,  
And where Day's victors sweep the field  
They loose a shower of gold.

Yet violets and daffodils,  
And little blades of sleepy grass,  
With me, of all Life's living things,  
Behold this pageant pass.

Then standing hushed among the flowers,  
While Earth drinks deep the wine of Spring,  
I hear the rivers raise glad voice,  
The green-robed valleys sing.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

## News of Interest to Women

The Senior Class of Washington High School has issued invitations to the Commencement Exercises which take place Friday evening May twenty-third in the High School Auditorium.

The invitations are strictly formal and handsomely engraved. A distinctive feature is the simplicity of design, which is enhanced by the seal of the class embossed in gold.

Candidates for graduation are: Misses Lillian Barnes, Freda Barger, Mary Baughn, Cleo Besch, Frances Bishop, Jocelyn Bowen, Clara Bryant, Mary Ellen Briggs, Ruth Cissna, Iris Coll, Massie Crispin, Dorothy Dill, Hazel Dray, Elizabeth Davis, Alma Eggleston, Winifred English, Leola Ganes, Elizabeth Hendryx, Lena Householder, Lorie King, Mary Kruger, Martha Nelson, Isabelle O'Neal, Marie Robinson, Margaret Schneider, Rosalie Slagle, Jessie Sunkle, Mildred Taylor, Naylor Cooke, Edward DeWees, William Henry Edwards, Hubert Pollis, Edward Glaze, Richard Haynes, Robert Harper, Mont Jones, Kenneth McCrea, Homer Morgan, Robert Reardon, Edwin Shoop, Maurice Sollars, and Willis Willis.

Ceremonial Games of ancient Rome war rites of the Greeks, quaint picture dances of the orient—will all be blended into one mammoth spectacle by 3500 Columbus school children at the Methodist Centenary celebration in Columbus this summer.

Miss Alice M. Young of Boston arrived in Columbus last week to begin her work of instructing the children in life plays, embracing all the nations of the globe.

Miss Young has a national reputation as a director of spectacles.

Before the war she staged two of the biggest productions ever presented in Boston, "Master Skylark" and "The Rainbow Tree." When America entered the war Miss Young enlisted as a nurse for overseas service. She was released when the armistice was signed.

Mrs. Irene G. Vogel, who is assisting in the instruction is from New York and has conducted spectacles in all parts of the country.—Columbus Citizen.

Mrs. Harlan Vesey assisted by Mrs. Harley Dunlap, Mrs. A. C. McCoy and Miss Edith Gardner entertained thirty-five members and friends of the Woman's Foreign Missionary Society of Grace M. E. church, Tuesday afternoon, at the Vesey home on South Fayette street.

Mrs. F. M. Kennedy opened the meeting and devotionals were led by Mrs. Ella Blessing. Mrs. C. A. Teeters reported the group meeting at Williamsport last Wednesday, and Mrs. G. S. Hodson the "Jubilee Legion."

A very interesting program was presented under the leadership of Mrs. Frank Christopher, the topic "Lengthening Cords and Strengthening Stakes." Clippings from this subject on Japan, India and Malaysia were read by Mrs. C. S. Haver, Mrs. C. W. Soddors and Miss Edith Gardner.

"Our Doctor" was the subject of an interesting paper by Miss Fannie McClellan.

Miss Edith Gardner delighted the women with a vocal solo, an old missionary hymn, the first one ever written: "From Greenland's Icy Mountains."

Just before Mrs. Elizabeth Cherrington closed the program with prayer Mrs. B. E. Kelley played a beautiful piano number.

An enjoyable social hour followed and two new members Mrs. Eph Worthington and Mrs. B. F. Jamison were added to the society.

A birthday surprise that was participated in by forty friends and neighbors was tendered Mrs. S. M. Oliver Tuesday evening at her home on Clinton avenue.

The sponsors of the occasion took with them appetizing refreshments, and the evening was one round of pleasure with Victrola music an added attraction.

Mrs. Phoebe Van Pelt, of Newark was an out of town guest.

Mrs. Dora Sandoe Bachman who will address the Woman's Suffrage Association Thursday afternoon at 3 o'clock at the Federated Club rooms is a brilliant woman, one of the best speakers sent out by the state association.

Her topic will be "The Progress of the Suffrage Movement," and her interesting information will be well worth hearing.

Mrs. G. L. Sheets gave charming entertainment to the Tuesday Kensington Club, yesterday afternoon at her home on South Main street, with

Mrs. Earl Goodwin a former club member, but now a resident of Chillicothe, an out of town guest.

Quantities of spring flowers were used in effective arrangement throughout the attractive rooms. Dainty refreshments were served.

Mrs. F. C. Mayer entertained with a little luncheon of pretty appointments Monday noon, in honor of her birthday.

A water garden of vari-colored tulips formed a beautiful centerpiece, and an elaborate menu was served.

Covers were laid for Mrs. Mayer's mother, Mrs. Ione Bryant, Mrs. Ruth Dahl, Mrs. George Pabb and Miss Rose McLean.

The C. T. Class of the First Presbyterian Church was enjoyably entertained at the home of Mrs. J. L. McWilliams on South North street Tuesday evening at their regular meeting.

The assisting hostesses were Mrs. A. R. McCoy, Mrs. Valentine Hoppess and Miss Alta Springer.

"Swapping of Packages" the exchanging of gifts created much merriment and added to the pleasure of the evening.

Dainty refreshments were served.

Mrs. James Woodland pleasantly entertained the Kensington Club of Bloomingburg, Tuesday afternoon at her home in Bloomingburg.

Sixteen members and Mrs. Q. C. Kinkead a guest greatly enjoyed the hospitality of the Woodland home, and visiting together over their needlework.

The hostess served delicious refreshments, and tulips adorned the rooms.

### Y.M.C.A. WORKERS WERE BOTH BRAVE AND UNSELFISH

Says Perkins in Defense of War of Organization. Answers Profiteering Charge.

(By Associated Press)  
New York, May 7.—George W. Perkins, chairman of the finance committee of the Young Men's Christian Association, made public last night his official report as investigator into the efficiency and service of the organization overseas. He went abroad with Mortimer L. Schiff, F. S. Brockman and John R. Hall when criticism of the Y. M. C. A. was being voiced in this country and returned to make his report last week.

"The Y. M. C. A. undoubtedly made mistakes," Mr. Perkins said, "but what it tried to do was to respond to every call that the army made on it. It did not sidestep any task that it was asked to perform."

Indicating the care with which men and women Y. M. C. A. workers were selected for overseas work Mr. Perkins reported that out of 150,000 candidates 40,000 were sifted out and considered in New York but finally only 11,229 were sent to Europe. Last month the organization had in Europe 5693 men and 2657 women workers.

"That the Y. M. C. A. workers as a whole were brave and unselfish is shown by the fact that 14 secretaries were killed and 126 others were wounded," he declared.

Answers Profiteering Charge.  
Regarding the charge of profiteering in supplies Mr. Perkins' report said:

"One day we could get supplies sent on a government boat without freight charges. The next day the only way to send them was to pay almost as much freight as the goods cost. It will be readily seen that it was almost impossible to arrive at anything like an average cost price at which to sell these goods."

"The Y. M. C. A. never solicited money for the purpose of giving away its canteen supplies. The statement has been frequently made that the Y. M. C. A. charged higher prices for canteen supplies than the army did. This was true at certain periods when the cost of transportation was exceedingly high and when it was impossible to determine costs accurately. But the final results of the Y. M. C. A. canteen service will show a substantial loss."

## SUCKERS PAY TEN MILLION DOLLARS TO CLEVER CROOKS

Credulous Contribute Liberally to Green Goods Men of America.

Fear of Publicity Keeps Most Victims Quiet.

(By Associated Press)

Chicago, May 7.—American confidence man reaped a harvest of more than \$10,000,000 last year, according to figures compiled by Chicago authorities. This is the approximate amount actually collected from the credulous public by professional confidence operators and does not include the millions gathered in annually by the various stockjobbing schemes.

The crude devices of the old time confidence man, with his shell game, three card monte, gold brick, green goods, money changing and lemon games, have given way to modern methods, more complex, and more profitable.

The really successful confidence men of today usually have summer and winter homes, ride in limousines and are aided by richly gowned women, authorities say. They are educated and far more clever than their brothers of old days, whose favorite trick in Chicago was to sell the Masonic Temple to a "rube" for a small sum, or agree to make the building "turn around."

Land selling schemes, peddling of worthless mine and oil well stock, wire tapping and "fake" sporting events are now the hand maidens of the modern confidence man, who matches wits with the banker, capitalist and lawyer, instead of dealing with the ignorant ruralite. Nearly all the victims of a Chicago gang recently sent to the penitentiary were bankers and business men. The gang's loot aggregated more than half a million dollars a year.

Fear of publicity keeps most victims quiet thus giving high class confidence man a certain degree of immunity, authorities say. They add that federal prosecution for using the mails to defraud has been a big factor in breaking up gangs and recently brought about conviction of half a dozen leading confidence workers.

## PEACE TREATY

(Continued from page one)

fense against international morality, and of other nationals for violation of the laws and customs of war; Holland to be asked to extradite the former Kaiser and Germany being responsible for delivering the latter.

## LEAGUE OF NATIONS

The League of Nations is accepted by the allied and associated powers as operative and by Germany in principle, but without membership. Similarly, an international labor body is brought into being with a permanent official and annual conference. A great number of international bodies of different kinds and for different purposes are created, some under the League of Nations, some to execute the peace treaty.

Among the former is the commission to govern the Saar Basin until a plebiscite is held 15 years hence; the high commissioner of Danzig which is created into a free city under the league, and various commissions for plebiscite in Malmody, Schleswig and East Prussia, among those to carry out the peace treaty are the reparations, military, naval, air, finance and economic commissions; the international high court and military tribunals to fix responsibilities and a series of bodies for the control of international rivers.

Certain problems are left for solution between the allied and associated powers, notably details of the disposition of the German fleet and cables, the former German colonies, and the values paid in reparation.

Certain other problems, such as the laws of the air, and opium, arms and liquor traffic, are either agreed to in detail or set for early international action.

## NATIONS GROUPED

The preamble names as parties of the one part the United States, the British Empire, France, Italy and Japan, described as the five allied and associated powers, and Belgium, Bolivia, Brazil, China, Cuba, Ecuador, Greece, Guatemala, Haiti, the Hedjaz, Honduras, Liberia, Nicaragua, Panama, Peru, Portugal, Rumania, Serbia, Siam, Czechoslovakia and Uruguay, who, with the five above, are described as the Allied and Associated Powers, and on the other part, Germany.

The preamble states that, bearing in mind that on the request of the then Imperial German Government an armistice was granted on November 11th, 1918, by the five Allied and Associated Powers, in order that a treaty of peace might be concluded with her, and whereas the Allied and Associated Powers being equally desirous that the war in which they were successfully involved, directly or indirectly, and which originated in the declaration of war by Austria-Hungary against Serbia, the declaration of war by Germany against Russia, and against France, and in the invasion of Belgium, should be replaced by a firm, just and durable peace, the plenipotentiaries, having communicated their full powers, found in good and due form, have agreed as follows:

## RESUME RELATIONS

From the coming into force of the present treaty, the state of war will terminate from the moment, and, subject to the provisions of this treaty, official relations with Germany and with each of the German states will be resumed by the Allied and Associated Powers.

## LEAGUE PROVISIONS

Section One—The covenant of the League of Nations constitutes several sections, one of which places upon the League many specific duties in addition to its general duties. It may question Germany at any time for a violation of the neutralized zone east of the Rhine as a threat against the world's peace. It will appoint three of the five members of the Saar commission, oversee its regime and carry out the plebiscite. It will appoint the high commissioner of Danzig, guarantee the independence of the city and arrange for treaties between Danzig and Germany and Poland. It

will work out the mandatory system to be applied to the former German colonies and act as a final court in part of the plebiscites of the Belgian-German frontier and in disputes as to the Kiel canal beside certain of the economic and financial problems. An international conference on labor is to be held in October.

The members of the league will be the signatories of the covenant, and other states invited to accede, who must lodge a declaration of accession without reservation within two months. A new state, dominion or colony may be admitted, provided its admission is agreed to by two-thirds of the assembly.

## SOLDIERS WILL AID IN VICTORY LOAN CAMPAIGN

Uniformed Men Returned From Overseas Will Visit Those Who Can Buy Bonds But Have Not Done So.

More Than \$400,000 Still Remain to be Subscribed In Three Days.

With only three days remaining in which to complete the drive for the Victory Loan, Fayette County still has more than \$400,000 worth of bonds to buy in order to go over the top and be 100 percent patriotic.

To aid in the Herculean task of raising the great sum in the short period of time left in the campaign, returned soldiers are being called upon to assist in this work, and these brave men, who were ready to die if necessary, and many of whom were wounded while taking part in the desperate fighting against the Germans, will visit those who so far have failed to respond to the call for the purchase of bonds.

These men will be in uniform, and those in Fayette county who can well afford to buy bonds and do not do so, must turn down men who have gone over the top for them, or have been ready to do so when called upon.

There is urgent need of liberal buying of bonds from all who can afford to do so, and telephone orders will be taken by the canvassers if the buyer cannot get into town for a few days, or has not been visited by the workers.

## RED LETTER DAY COMES TO PARIS FOOD IS LOWER

Paris, March 20.—(Correspondence of The Associated Press)—This has been a red letter day for the ordinary work-a-day Parisian. Beginning today the cafes are permitted to remain open an hour later in the evening until 10:30. Music again is allowed, and the popular restaurants served "national" dishes at prices reduced by 30 per cent in consequence of the action of the Food Ministry which has placed frozen meat and certain classes of vegetables on the market at moderate prices.

The cheaper meals proved so popular that most of the restaurants were sold out at noon, and crowds of workers who had been eagerly looking forward to some relief from the burden of dear living found themselves charged at the old exorbitant rates.

In the evening, the grand boulevards were more crowded than ever as a consequence of the relaxation of the early closing rule. But a downpour of rain and the sudden failure of the electric light in the central districts, plunged everybody into gloom. One French soldier, his face the picture of boredom, was addressed by a companion: "You don't seem pleased at all at being demobilized." "No, I don't think it was going to be so dull."

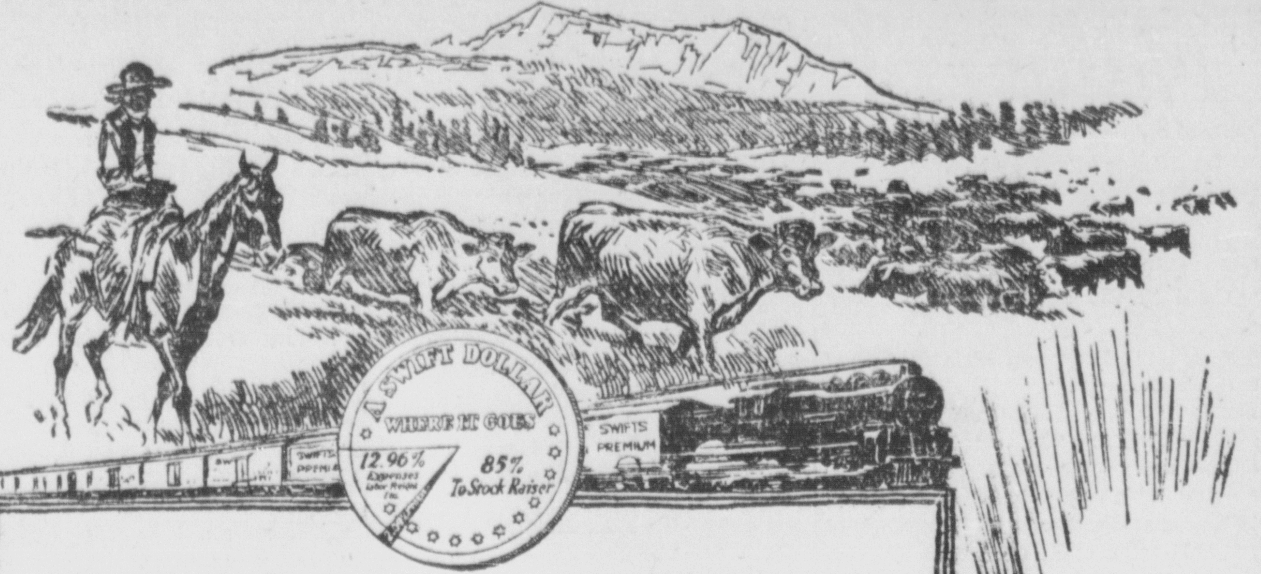

But Paris is regaining slowly its normal life. March 20 was also the opening day of the first after war salon; to be precise, it was vernalizing day of the Salon du Cercle Artistique et Littéraire, otherwise known as the Salon Volney.

## CHINESE MAY NOT SIGN TREATY

(By Associated Press)

Peking, Tuesday, May 6.—The Chinese Cabinet at a meeting today decided to instruct the Chinese delegates in Paris not to sign a peace treaty assigning the German rights in Shantung to the Japanese.

A man of ripe experience is too wise to monkey with green fruit.

## The Flow of Meat

Two-thirds of the live stock in the United States has to be raised in the West.

One-half of the consumers of meat live in the East.

In other words, most of the live stock is one or two thousand miles distant from most of the people who need it in the form of food.

Fifty years ago, when live stock was raised close to every consuming center, the country butcher could handle the job after a fashion.

But the job got too big.

Now millions of animals have to be moved hundreds of miles to millions of people. Somewhere on the way they have to be turned into meat.

The packers solved the problem. They set up plants where the "live haul" and the "meat haul" were in the right balance. They eliminated waste. They built up distributing systems—refrigerator cars, refrigerating plants, branch houses. They saved time, money and meat everywhere. The stockraiser benefited in better markets and higher prices; the consumer, in better meat and lower prices.

As the country grew, the packers had to grow, or break down. Because of its present size and efficiency, Swift & Company is able to perform its part in this service at a fraction of a cent per pound profit.

Swift & Company, U.S.A.

# HOW MUCH HAVE YOU LOANED ON IT?

*This Yank  
Wants  
To Know;  
He's Now  
Checking  
You Up*

The returned soldiers of Fayette County start Wednesday to see that the county does its duty by the Victory Liberty Loan. *They are systematically checking up you, your neighbor, everyone in the county.*

These ex-Yanks are attacking this job with the same spirit that made for the glorious victory for which the Victory Liberty Loan must pay and they're as determined now as then.

They, who have left arms, legs, lives on the battlefield—*or were willing to*—demand that you match their blood sacrifices with your dollars. They demand that those of you who bought \$50 worth of the loan where you could—*and should*—buy \$100 to \$500, come out of the shell hole of snug selfishness into which you have dug yourself, and they demand of you who *can* buy and *haven't bought at all*, that you take your just share of this burden at once!

There'll be no escape for either the half-hearted patriot who hasn't loaned his Government all he can, and no escape either for the gelatine backboned man or woman who doesn't subscribe now "because the war is over," or for some other similarly absurd reason.

Whether these returned soldiers are able or not to save this community from the disgrace of failing to make its Victory Liberty Loan quota, they are going to be successful in checking and card indexing those who have done their duty and those who have not done so. And they are going to **remember** the results of their investigation, for a long, long time.

Will you be one of those that will be shown up? This is the last call—the last warning!

*This ad is patriotically contributed by the returned soldiers of this county who plan to make it their business to see that THE JOB IS FINISHED.*

GRANGE MEMBERS INVITED TO MEET The Grange members who recently presented a resolution urging the county commissioners to adopt a patrol system for the maintenance of Fayette's highways, and who made other recommendations have been invited to meet the county commissioners at ten o'clock next Monday for the purpose of discussing the matter and if possible, reaching some solution of it.

It is understood the patrol system is gaining rapidly in favor, and will be seriously considered by the county commissioners.

HILLSBORO PHONES WILL SOON MERGE A telephone merger is planned for Hillsboro and subsidiary exchanges will be made within a short time. It is understood, the Home and Bell telephone systems uniting as soon as appraisement can be made and final terms agreed upon.

The Home switchboard in Hillsboro is a new and modern one, and it is possible this system will be the one retained following the merger.

## GYPSIES FURNISH A \$600 BOND AND OBTAIN FREEDOM

Another chapter in the Gypsy robbery in this county was added to the series, Tuesday afternoon, when the four men who were indicted by the grand jury for assault and robbery—Joe and John Nicholas and Tucum and Pizarro Adams—furnished bond in the sum of \$600 each, and were released, pending trial which will take place a few weeks hence.

The bond fixed by Mayor Dahl was \$1500 in each case, but when the four men and "John Doe" were indicted by the grand jury without the formality of being bound over by the lower court, jurisdiction automatically passed to the higher court, and the bonds were reduced \$900 in each case.

Bond was furnished by the U. S. Fidelity and Guarantee Company, and it is understood the full amount in cash was put up by the accused men, who, according to Binbo, are very wealthy.

Upon being released the men left for Dayton, accompanied by some of their friends who had come to this city to assist them in every way possible.

Binbo, it is understood, will remain here for a short time until his wife recovers from the serious injuries sustained at the hands of the bandits who are alleged to have robbed the Binbo family of \$2500.

Binbo, it is understood, fears that the men indicted, or some of their friends, will do him bodily harm.
